

# China CTO/MTO Quarterly Report

## Q4 2016

**Jan. 2017**

**Disclaimer:**

1. This report is for authorized subscribers only. It is prohibited to circulate, re-sell, and commercially release the content (including but not limiting part of figures, tables and texts) without the formal permission of ASIACHEM consulting.

2. This report is based on publicly available information and ASIACHEM's expertise; it does not contain any corporate confidential information. ASIACHEM seeks to the reliability of information and data, but does not guarantee its accuracy and completeness. ASIACHEM has nothing to do with the actual business decisions of subscribers.

## Content

1. Existing Plants Quarterly Business Analysis .....	7
1.1 Shenhua Baotou CTO Project (Project A).....	7
1.1.1 Basic Information of Project A.....	7
1.1.2 Operation Information of Project A.....	8
1.1.3 Assessment.....	8
1.2 Ningbo Fude MTO Project (Project B) .....	8
1.2.1 Basic Information of Project B.....	8
1.2.2 Operation Information of Project B .....	9
1.2.3 Assessment.....	9
1.3 Datang Duolun CTP Project (Project C).....	10
1.3.1 Basic Information of Project C .....	10
1.3.2 Operation Information of Project C .....	10
1.3.3 Assessment.....	11
1.4 Yanchang ChinaCoal Coal/Heavy oil to Olefins Project (Project D) .....	11
1.4.1 Basic Information of Project D .....	11
1.4.2 Operation Information of Project D .....	12
1.4.3 Assessment.....	12
1.5 ChinaCoal Yulin CTO Project (Project E).....	13
1.5.1 Basic Information of Project E.....	13
1.5.2 Operation Information of Project E .....	14
1.5.3 Assessment.....	14
1.6 Pucheng Clean Energy CTO Project (Project F) .....	14
1.6.1 Basic Information of Project F.....	14
1.6.2 Operation Information of Project F.....	15
1.6.3 Assessment.....	16
1.7 Shenhua Ningxia Coal CTP Project (Project G) .....	16
1.7.1 Basic Information of Project G .....	16

1.7.2 Operation Information of Project G .....	17
1.7.3 Assessment.....	17
1.8 Shenhua Ningxia Coal MTP Project (Project H) .....	17
1.8.1 Basic Information of Project H .....	17
1.8.2 Operation Information of Project H .....	18
1.8.3 Assessment.....	18
1.9 Ningxia Baofeng Coal/ COG to Olefins Project (Project I).....	19
1.9.1 Basic Information of Project I .....	19
1.9.2 Operation Information of Project I.....	19
1.9.3 Assessment.....	20
1.10 Sinopec Zhongyuan Petrochemical MTO Project (Project J) .....	20
1.10.1 Basic Information of Project J .....	20
1.10.2 Operation Information of Project J.....	21
1.10.3 Assessment.....	21
1.11 Shandong Shenda MTO Project (Project K) .....	22
1.11.1 Basic Information of Project K.....	22
1.11.2 Operation Information of Project K.....	22
1.11.3 Assessment .....	23
1.12 Wison Nanjing MTO Project (Project L) .....	23
1.12.1 Basic Information of Project L.....	23
1.12.2 Operation Information of Project L.....	24
1.12.3 Assessment.....	24
1.13 Zhejiang Xingxing MTO Project (Project M).....	25
1.13.1 Basic Information of Project M.....	25
1.13.2 Operation Information of Project M.....	26
1.13.3 Assessment.....	26
1.14 Yangmei Hengtong MTO Project (Project N) .....	27
1.14.1 Basic Information of Project N .....	27

1.14.2 Operation Information of Project N .....	27
1.14.3 Assessment.....	28
1.15 ChinaCoal Mengda MTO Project (Project O).....	28
1.15.1 Basic Information of Project O .....	28
1.15.2 Operation Information of Project O .....	29
1.15.3 Assessment.....	29
1.16 Shenhua Yulin MTO Project (Project P).....	30
1.16.1 Basic Information of Project P .....	30
1.16.2 Operation Information of Project P .....	30
1.16.3 Assessment.....	31
1.17 Shenhua Xinjiang CTO Project (Project Q).....	31
1.17.1 Basic Information of Project Q .....	31
1.18 Zhongtian Hechuang CTO Project (Project R).....	32
1.18.1 Basic Information of Project R .....	32
1.19 Qinghai Salt Lake CTO Project (Project S).....	33
1.19.1 Basic Information of Project S .....	33
1.20 Fude (Changzhou) MTO Project (Project T) .....	33
1.20.1 Basic Information of Project T.....	33
1.21 Shandong Yuhuang Jinyu Methanol/ DME to Propylene Project (Project I) ..	34
1.21.1 Basic Information of Project I .....	34
1.22 Shandong Luqing Petrochemical MTP Project (Project II).....	35
1.22.1 Basic Information of Project II .....	35
1.23 Shenyang Paraffin Chemical MTPG Project (Project III).....	35
1.23.1 Basic Information of Project III .....	35
1.24 Shandong Huabin Chemical MTP Project (Project IV) .....	36
1.24.1 Basic Information of Project IV .....	36
1.25 Shandong Ruichang Petrochemical MTP Project (Project V) .....	36
1.25.1 Basic Information of Project V .....	36

1.26 Shandong Longgang Chemical MTP Project (Project VI).....	37
1.26.1 Basic Information of Project VI .....	37
1.27 Shandong Daze Chemical MTP Project (Project VII) .....	37
1.27.1 Basic Information of Project VII .....	37
2. Quarterly Competitiveness Analysis of CTO/MTO vs. PDH/Naphtha Cracker .....	38
3. Quarterly Updated Data of CTO/MTO Projects.....	40
3.1 Commissioning & Construction CTO/MTO Projects Updates in 2016Q4.....	40
3.2 Developing & Planned CTO/MTO Projects Updates in 2016Q4.....	40
3.3 China's CTO/MTO Capacity Forecast (2016-2020, up to 2016Q4).....	40
4. Impacts of CTO/MTO on China's methanol supply/demand balance and logistics .....	41
4.1 Chinese commodity methanol supply capacity .....	41
4.2 Methanol logistics.....	42
4.3 CTO/MTO methanol demand analysis.....	45
4.4 Methanol downstream .....	46
5. Analysis on factors affecting CTO/MTO projects competitiveness .....	49
5.1 Coal chemical & petrochemical industry policies.....	49
--- China Published Petrochemical & Chemical Industry Developing Program (2016-2020).....	49
--- Interpretation: New edition of investment catalogue released by State Council – What is the effects on coal chemical and petrochemical sectors? .....	50
5.2 Chinese coal demand/supply balance & pricing .....	52
--- Supply & demand basically balanced, increase of coal price slowdown.....	52
5.3 Chinese methanol demand/supply balance & pricing.....	53
--- Tighter supply & demand pattern brought up the price sharply.....	53
5.4 International crude oil demand/supply balance & pricing .....	54
--- Crude oil market fundamentals improved, OPEC cut production agreement to boost oil prices rebound.....	54
5.5 Chinese propane demand/supply balance & pricing .....	56

---- Rigid demand remains high to push the market strongly upward .....	56
5.6 Chinese olefin demand/supply balance & pricing .....	57
---- Polyolefin tight supply, boosting prices .....	57
5.7 New progress of MTO process and catalyst .....	58
---- Shenhua Ningxia Coal Awarded for MTP Catalyst Patent.....	58
6. Forecast on next quarter competitiveness of CTO/MTO.....	59
