Insight China	4
ASIACHEM: Power LIB Recycling is Key of New Energy Vehicle Industry Sustainable Development	4
Policies	6
MIIT Issued “NEV Manufacturer & Product Access Administrative Regulations” “Energy Technology Innovation ‘13-5’ Program” to Promote R&D on Battery Materials	6
The State Council Printed and Released ‘Extended Producer Responsibility Plan’	7
Ministries Published Notification on NEV Promotion Approval Responsibility	7
Lithium Resources & Lithium Salts	8
Ganfeng Lithium to Pay USD49M for Acquiring 19.9% Equity of Lithium Americas Corp	8
Keda Clean Energy to Hold 27.69% Shares of Lake Lithium	8
Ningdu Ganfeng to Invest CNY503M Building 17.5kt/a Li ₂ CO ₃ Project	8
Ruifu Lithium to Commission 20kt/a Li ₂ CO ₃ Project by End of Feb	9
Tianqi Lithium: Australian 24kt/a LiOH Project to Reach Full Load Operation in 2019	9
Xinghua Lithium Brought High Purity LiCl Project in Production	9
Lithium-ion Battery Key Materials	9
Cathode Material	9
Jingmen GEM and ECOPRO to Build JV 10kt/a NCA Precursor Project	10
LIB Cathode Material Enterprise Zhongtian New Energy Listed on NEEQ	10
Shenzhen Jinliuhuan Signed CNY5B Contract to Build Cathode Material & Precursor Project at Jingmen, Hubei	10
Umicore Acquires NCM Battery Material Patents from 3M	10
Anode Material	11
Shanshan Started Construction of Ningde 50kt/a LIB Anode Material Project ..	11
Separator and Al-Plastic Film	11
Gellec Brought 25mm ² /a LIB Separator Film Capacity on Line	11
Electrolyte	12
LIB Electrolyte Producer Jinhui Chemical Listed on NEEQ	12
LIB & Advanced Manufacturing	12
Guangdong Hangyu LFP Power Battery Project On-line for 2nd Time Publicity ..	12
Jiayuan Science to Invest CNY460M in 10kt/a LIB Copper Foil Revamping Project	12
Gold Cup Electric to Set up JV Power Battery Pack Company	13
Linzhou Heavy Machinery to Invest CNY2.208B in 3GWh Power Use LIB Project	13
Camel Group to Lay CNY1.2B in Building Advanced Battery R&D/Pilot Base in Wuhan	13
RealForce Group to Invest CNY2B in Jinzhai, Anhui for 400mAh Pack & System	13

Integration Project.....	14
Sound Group to Invest CNY1B in Spent Battery Recycling Project	14
Shihlien Apex to Build 5 New Electric Core Lines in 2017 and Bring Total Capacity up to 1.0-1.2GWh.....	14
Tesla Gigafactory Began Bulk LIB Production	14
LeadChina Plans CNY1.35bn Purchase of Titans-Ele	15
Sunwoda to Raise CNY3.2bn for 6GWh Power LIB Line Construction.....	15
EVE Energy and Nanjing Golden Dragon Signed CNY1B Strategic Cooperation Agreement	15
Yuhuang New Energy to Start up 500MWh Power Battery Line in Feb	15
New Energy Vehicles	15
2016 China NEV Production & Sales Recorded 517,000 and 507,000 Respectively	16
DYYW to Invest CNY5B on Weinan Electric Car Project.....	16
Jiangxi Auto Union Settled CNY10.5B NEV/New Material Projects in Jiujiang .	16
Gold Vitality and Beijing Keling Laid Corner Stone for CNY6.7B Electric Car Project	17
New Gonow Started Construction of CNY4.2B Taizhou NEV Production Base	17
Technology & Innovation	17
CATL Started R&D on 300Wh/kg or Higher Capacitance Power Battery	17
Zhongxing Pylon Technologies Launched 175Wh/kg Soft Pack LFP Battery ...	18
China LIB Materials Projects Database (Up to Jan, 2017)	18
Cathode Material Projects	18
Anode Material Projects (LTO Excluded)	20
Separator Projects	21
Electrolyte Projects.....	23
LiPF6 Projects (LIFSI, LITFSI included).....	24
Al-Plastic Film Projects	24
Import and Export Price Curve (Up to Dec., 2016)	25
LiOH Import and Export Price Curve.....	25
LiCl Import and Export Price Curve.....	25
Lithium Carbonate Import and Export Price Curve.....	25
LMO Import and Export Price Curve	26
NCM Import and Export Price Curve	26
LFP Import and Export Price Curve.....	27
LiPF6 Import and Export Price Curve.....	27
